

# LEGEND FITNESS®

## SELECTEDGE TRICEP EXTENSION

(Part 1105)

- Deep handles for variable starting positions.
- Dense foam padding, top-stitched 32oz vinyl upholstery.
- Partially hidden aviation-grade cabling.
- Mechanically assisted seat adjustment.
- Effort reduction minimized for better weight feel.

If you need a more linear tricep exercise, the SelectEDGE Tricep Extension offers all the stability needed for a great arm pump. The deep handles offer multiple starting positions. Combined with a 24-inch-wide pad made with dense, high quality foam padding, and you will be comfortable and stable. Two-tone upholstery is standard, and you can choose from over 80 colors! With a clean and contoured design, the American-made SelectEDGE Tricep Extension has features that will make it look right at home in any fitness club, training facility, or recreation center.

### WEIGHT STACK INFO:

The SelectEDGE Tricep Extension comes with a 150-pound weight stack in 10-pound increments and a five-pound adder plate. You can also upgrade the weight stack to 200 or 250 pounds.

45.5" L  
41.5" W  
63.25" H
