GHT STACK JUNGLE

MODEL #1138

FEATURES

 Adjustable cable crossover, two seated rows, two lat pulldowns, two adjustable cable columns, and multi-grip pull up bars.

· Dual-pulley seated row and lat pulldown stations.

 Comes with two patent-protected MAG handles, four web grip handles, one split rope attachment, and one curl bar.

· Partially hidden cables and sleek SelectEDGE styling.

· Up to nine users can train at once.

The SelectEDGE Eight Stack jungle is a multi-stack piece of equipment that has room for up to nine users to train at once: two lat pulldown stations, two low row stations, an adjustable cable crossover, two outer adjustable cable columns, and multi-grip pull up bars in the center. One of the lat pulldown stations and one of the row stations are dual pulley, which gives users the ability to work both unilaterally and bilaterally.

5901 Middlebrook Pike, Knoxville, TN 37909 · (866) 753-4363

Swiveling pulleys smoothly adjust on chrome-plated columns with to one of 23 height positions in three-inch increments (from 11 to 77 inches). Laser-cut numbering on the columns make equal height adjustments simple.

row and lat pulldown have 250-pound weight stacks. Weight stack upgrades are available for the cable columns (250-pound and

300 pound), the lat pulldown (300-pound), and the seated

pulldowns and one of the low row stations. MAG handles offer unique grips that make gloves and wrist straps unnecessary, even at higher weight reps. The web grip handles, split rope attachment, and curl bar can be used interchangeably and are sturdy enough to stand up to the toughest users.
